SUBJECT: Personnel for  Field Tests

50X1

1. Additional field tests of the RS-13  Communications System are scheduled for the week July 11 to July 15. An auxiliary circuit for instruction purposes is being arranged with an RS-6 in the field and a Collins 16F transmitter at the base station. Two radio operators will be required to man this auxiliary circuit. One of these men will be required to spend approximately one week on TDY in accompanying the field team into the Midwest.

50X1

2. It is requested that OC-O&T make available the services of two radio operators which will be required for the subject tests.
